What is the purpose of this workshop?

This workshop will focus on advanced elements of Motivational Interviewing including new elements from the Third Edition of *Motivational Interviewing* and methods for eliciting and strengthening change talk. Supervision of clinicians providing Motivational Interviewing will also be addressed.

THE SETTING. Flag Is Up Farms is the home of Monty Roberts, world renowned horse trainer and developer of the Join Up method. It is an international learning center where students come from all over the world to learn his methods of humane and pain-free equine training. Both Monty Roberts and Bill Miller have written about parallels between Join Up and MI. Monty and his sculptor wife Pat have agreed to host our workshop and BBQ at their home. Monty will also provide a live demonstration of the Join Up method for our workshop participants.

Who should attend?

This two-day advanced workshop assumes prior formal training and reasonable proficiency in Motivational Interviewing. This workshop is **not** designed to introduce the clinical method itself. It is important to the success of the workshop that each participant has a strong prior foundation in MI practice.

You will be comfortable in this advanced workshop if you have had experience using MI since your initial training, and some coaching, feedback or supervision in MI. If you are uncertain about your qualifications, email your questions to terrimoyers@gmail.com.

What will I learn?

- 1) New material from the Third Edition of *Motivational Interviewing*, including a new four-process structure for the practice of MI.
- 2) Methods for recognizing, eliciting and reinforcing client change talk
- 3) Strategies for blending MI with other interventions
- 4) How to supervise motivational interviewing for beginners
- 5) A new perspective on horse training

Will I get personal attention?

This workshop will feature didactic material, experiential exercises, video and audio examples, and trainer demonstrations. Enrollment will be limited. Both trainers will be present each day to provide opportunity for personal attention to each participant.

Will CEU's be awarded for this training? We offer 12 hours of Continuing Education Credits from the New Mexico Counseling and Therapy Practice Board. We anticipate that we will also be able to offer 12 CEU's from the New Mexico Psychological Association.

Who are the instructors?

William R. Miller, Ph.D., Emeritus Distinguished Professor of Psychology and Psychiatry at the University of New Mexico. Dr. Miller introduced the clinical method of MI in 1983, and with Dr. Stephen Rollnick authored the seminal text, *Motivational Interviewing (1991, 2002, 2013)*. Listed as one of the world's most cited scientists by the *Institute for Scientific Information*, he has published over forty books and four hundred professional articles and chapters.

Theresa B. Moyers, Ph.D., Clinical Psychologist and Assistant Professor of Psychology at the University of New Mexico. Dr. Moyers' research focuses on the training of therapeutic skills as well as identifying causal mechanisms of Motivational Interviewing. She and her research team developed the **Motivational Interviewing Treatment Integrity Coding System (MITI)**. She is the producer of a videotape (Miller, Moyers & Rollnick, 2013) for the 3rd edition of the MI book.

Will this workshop qualify me for membership in the MINT?

This workshop will *not* qualify participants to enter the Motivational Interviewing Network of Trainers (MINT). Information about how to enter the MINT can be found at www.motivationalinterview.org.
