MI Motivational Interviewing Seminars

For Mental Health Professionals, Medical Professionals, and Educators

2-day Introductory - \$175 per person

Motivational Interviewing is a client-centered conversational method to help clients increase their intrinsic motivation to make long term behavioral changes. During the introductory training participants will be introduced to the Spirit, processes and skills of Motivational Interviewing. Participants will learn how to address ambivalence in a spirit of compassion and acceptance through exploring an individual's own motivation and desire for change through the use of OARS.

Introductory MI Agenda

Day 1 am – The change process and importance of language.

Day 1 pm – The Spirit of MI and the Processes of MI

Day 2 am – The Skills of MI (OARS)

Day 2 pm – Working with the “resistant” client

1-day Advanced - \$99 per person

The advanced motivational interviewing workshop is for those who have completed an introductory training in the past and are looking for ways to deepen their skills and understanding of MI. This session will have more skill demonstrations and opportunities for practice. Participants will practice working within the Spirit of MI while developing strategies to elicit change talk and minimize sustain talk so that they can more effectively strengthen their client's motivation for change.

Advanced MI Agenda

Morning – change talk, sustain talk and discord

Afternoon - strategies to elicit change talk and work towards planning

Both Seminars - \$250
