FOUNDATIONS: Motivational Interviewing (MI) is an evidence-based therapeutic approach for therapists and non-therapist direct care staff. Learn practical application of foundational MI concepts and approaches that you can implement immediately. These approaches assist in efficiently and effectively developing rapport, meeting the participant where they are, and supporting mandated and voluntary participants toward behavior change.

Certificate of Attendance provided for all. FREE CEs available upon request in the final evaluation for WI. Other states are likely to approve CEs due to reciprocity.

Dates: This is a 2-session course; **9am – 4pm CT (attend both, 12 hours)**

1. April 21, 2025
2. April 28, 2025

Location: *Live, Virtual*

ADVANCED: This workshop will provide a very brief overview of basic Motivational Interviewing (MI) concepts of the MI Spirit, MI Process, and ROAS; then will provide opportunity for attendants to define their own participant scenario and address it with advanced MI approaches. The workshop is organized around the MI Tasks, & will likely include discussion re: Trauma Informed Care, resistance, discord, preparatory and mobilizing change talk, and how to plan with stressed/traumatized or mandated participants.

Previous MI training is strongly advised.

Certificate of Attendance provided for all. FREE CEs available upon request in the final evaluation for IN & WI. Other states are likely to approve CEs due to reciprocity.
