

MOTIVATIONAL INTERVIEWING TREATMENT INTEGRITY (MITI) CODING FOR EVALUATION AND FEEDBACK

Facilitated by
Denise Ernst, Ph.D. and
Katie Hartlieb, Ph.D., RD

This is an online 23-hour workshop that provides you with a level 1 coaching certification upon completion.

23 CE's accredited by the American Psychological Association
Cost: \$450

Weekly classes are on Wednesday's from 9:00am to 12:00pm Mountain Time
April 12th to May 17th, 2023

Coach Level 1 Certification

This certification will prepare you to do the following:

- Reviewing work samples of MI
- Coding work samples using the MITI
- Generating a menu of examples for trainees based on feedback
- Using coding feedback during supervision/coaching sessions

Who should attend?

This workshop is appropriate for Novice coders (those who have no experience using the MITI) and those who are interested in using the MITI for evaluation of others, self-evaluation and continued development of your own MI skills.

What you will learn

- How to use the global ratings to evaluate the relational and technical elements of MI
- How to identify specific behaviors that are desirable and discouraged in MI
- Strategies for providing feedback from the MITI for self-evaluation and evaluation of other MI learners.
- Methods for establishing, evaluating and maintaining reliability in MITI coding for your practice.

Facilitators

Denise Ernst, Ph.D., Psychologist and Motivational Interviewing Trainer and Consultant. She is part of the research team that developed the Motivational Interviewing Skill Code (MISC) and the Motivational Interviewing Treatment Integrity Coding system. (MITI). She is an adjunct professor at the Portland State School of Social Work. Dr. Ernst leads an international coding team that provides MI coding for the Motivational Interviewing Network of Trainers, research and implementation efforts, and practitioner skill development.

Katie Hartlieb, Ph.D., RD, Professor and Program Director in Functional Nutrition at Parker University (Dallas, TX) is an international Motivational Interviewing consultant. She is part of the research team that developed the Minority Youth Sequential Code of Process Exchanges (MY-SCOPE). Dr. Hartlieb provides MI coding and coaching for NIH grantees and privately-funded institutions and participates in the development and training for MI standardized patient protocols.

Purpose of the Workshop

This workshop will focus on the newest revision of the Motivational Interviewing Treatment Integrity Code (MITI 4.2.1).

Participants will learn to evaluate segments of MI practice using both global measures and specific behavior counts.

The training will cover all aspects of the coding system with special attention given to using coding as a basis for providing feedback and coaching to others as well as facilitating self-evaluation and development of one's own skills.

Workshop Details

This workshop will take place online via zoom. Numerous zoom practice sessions will be provided prior to the workshop if you are not familiar with this platform. There will be a total of 18 hours of live weekly class sessions with Dr. Ernst. The remaining 5 hours of class will be asynchronous (on your own time). The asynchronous activities include watching pre-recorded lessons by Dr. Ernst each week and will be expected to meet with an assigned partner online to record an MI session between class sessions 4 and 5.

You will receive 23 continuing education credits accredited by the American Psychological Association (APA) for completion of the full training.
